Date :

10th January 2018

Dear Dr. Das,

New Year greetings from CMO!

I would like to extend our heartfelt gratitude to you and your colleagues for hosting the Chief Minister's Fellows.

It was privilege to visit your esteemed institute. Thank you for sparing your valuable time in explaining to fellows the remote sensing technology and its application. Fellows were amazed to know about various projects being undertaken by MRSAC, especially the one about heritage sites. Some of them are now contemplating on how the technology can be used in their respective projects.

I am sure that this visit will go a long way in nurturing this generation of future leaders. We also look forward to more such interactions with the future batches of CM Fellows.

Thank you again.

Regards,

(Priya Khan)

**Officer on Special Duty to Hon. Chief Minister**

To,

**Dr. Subrata Das**

Director

MRSAC
